The authors regret that the following errors occurred in the original paper.
The authors would like to apologise for any inconvenience this may have caused to the readers of the journal.

(1) “Abstract”, Should read “In meta-analyses of CVD, associations (or effect sizes) were consistent between studies; RRs were 1.64 (95% CI 1.48, 1.83) after age adjustment, 1.39 (95% CI 1.25, 1.55) after additional risk factor adjustment and 1.34 (95% CI 1.17, 1.53) after additional adjustment for inflammatory markers.”

(2) Page 3: “Results, British Regional Heart study”, line 19 should read “Additional adjustment for CRP and IL-6 reduced the OR to 1.12 (95% CI 0.84, 1.49).”

Page 3 “Results, Meta-analysis” line 12 should read “Adjustment for established cardiovascular risk factors reduced the RR to 1.39 (95% CI 1.25, 1.55);”.
