Ranganathan in the 21st Century

Anne Welsh, Lecturer in Library and Information Studies
The book has evolved ...
... and so has the library ...
... our principles remain
1. Books are for use
All collection items, regardless of age or condition, have a value and must be cared for.

The British Library is one of the world's great libraries.

Caring for the collections is a core responsibility.

2. Every reader his book
Librarians use social media feeds to keep up-to-date with publications of interest to their patrons, repurpose and pass them on.
