1 Table 1: Classification of foods and dishes included in the study

| Main Categories | Number of dishes (picture series) | Food and Dishes included |
| :---: | :---: | :---: |
| Vegetables and legumes | 15 | Cucumber, tomato, carrot, green leafy vegetables (raw or boiled), cabbage, broccoli, beans and peas, stuffed vegetables with rice, spinach with rice, vegetable stew, vegetable purée |
| Spreads | 4 | Marmalade, jam and butter |
| Cereals and cereal-based dishes | 16 | Bread, pasta (plain boiled, different patterns including traditional ones), macaroni pie, rice, trahanas (traditional porridge), breakfast cereals, porridge |
| Sweets | 5 | Cakes, sweet pies with cream fillings |
| Meat and meat-based dishes | 11 | Meat in lemon sauce, soup of meat balls with rice, meat balls, bolognaise sauce, steaks, silverside slices, roasted chicken, sausages, burgers |
| Seafood | 4 | Fish (whole or fillet), fried squids |
| Fruit | 3 | Melon, fruit purée, fruit compote |
| Dairies and eggs | 5 | Cream pudding, rice pudding, ice cream, tzatziki, egg omelette |
| Potatoes | 4 | French fries, baked potatoes, potato purée, chips |
| Traditional pies and savoury pastry | 3 | Spinach pies (triangular, rectangular), pizza |
| Soups | 1 | Vegetable soup |
| Cheese | 2 | Feta cheese and different varieties of traditional yellow cheeses |
