Thato and his family are preparing to celebrate their culture.

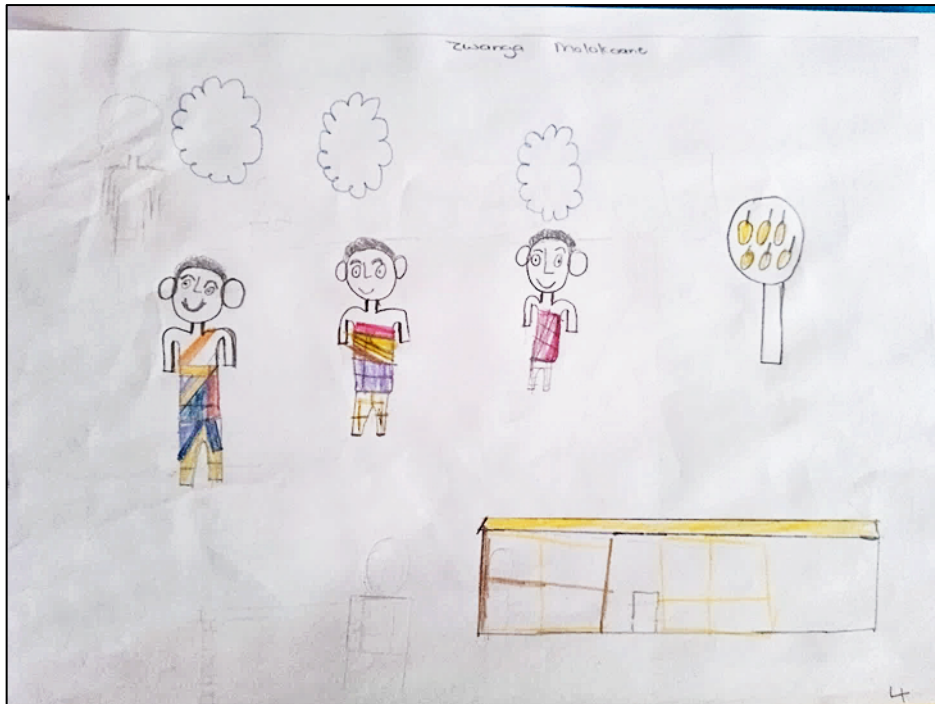

The day is very special for  
Thato because his cousins  
will be there.

There wasn't enough money to buy food and clothes for the event.

Thato and his cousins came up with a plan. They asked for a donation in the village.

His relatives collected material and leather to make their traditional clothes.

After collecting everything, they started writing a song to celebrate their culture.

They were all happy, and it  
was exciting.
