## Acknowledgements

The following partners have played a valuable role in the co-creation of this storybook:

The North West Province Department of Education, Ngaka Modiri Molema District, South Africa.  
The Department of Basic Education, Directorate: Rural Education, South Africa.  
London South Bank University, United Kingdom.  
The Economic & Social Research Council (ESRC) (ES/T005149/1), United Kingdom (funder).

The crocodile is  
getting  
into the water.

The crocodile is swimming in the water beside the road. It is hungry and looking for food.

5

The crocodile saw the children playing beside the road near the water where he lives.

6

After crossing the road, a child stood beside the water. The crocodile saw him and followed the child.

Then the child went into  
the water beside the road.  
The crocodile swam  
towards the child and  
tried to bite him.

The crocodile saw children playing beside the house.

13

The crocodile bit the child.  
The child got out of the  
water running and  
screaming, “Oh, help, help!  
The crocodile bit me!”.

14

15

The child was taken to the hospital to be examined for the crocodile bite and given medicine to cure the wound.

16

The child was checked, and  
the doctor gave him  
medication to cure the  
wound.

The parents built a fence to keep the crocodile away. The fence will also keep the children away from the water, and safe from animals living in the water.

The contents of this booklet can be copied, translated or adapted as long as the relevant sources have been acknowledged properly.
