

Correction: The association between human herpesvirus infections and stroke: a systematic review protocol

Forbes HJ, Benjamin L, Breuer J, *et al.* The association between human herpesvirus infections and stroke: a systematic review protocol. *BMJ Open* 2017;7:e016427. doi:10.1136/bmjopen-2017-016427

This article has been corrected since it was published Online First. In the section “Data synthesis and meta-bias(es)”, ‘50%’ should read ‘25%’ in the sentence:

“An $I^2 > 25\%$ will be used as a threshold to indicate moderate heterogeneity and potential to use of a random effects model, if there is overall consistency in the direction of effect.”
