

Appendix 1: NVivo Screenshot

The screenshot displays the NVivo interface with the following components:

- Menu Bar:** File, Home, Create, External Data, Analyze, Query, Explore, Layout, View.
- Toolbar:** Includes icons for Go, Refresh, Open, Properties, Edit, Paste, Merge, Bold, Italic, Underline, Text, PDF Selection, Region, Find, Replace, Delete, Spelling, and Proofing.
- Nodes Panel (Left):**
 - Nodes
 - 1 - Title Screen Coding
 - 2 - Abstract Screen - Codin
 - 3 - Full-Text Screen - Codin
 - 4 - Quality Appraisal
 - 5 - Framework Synthesis (Selected)
 - Cases

This screen shot illustrates the hierarchical node structure. All elements of the VIPS framework are represented with the subthemes evident within each.

The blue shading represents the density of coding and the number refers to the number of coded references. The density of coding is very similar with or without the lesser quality of studies, highlighting that the findings from those particular papers did not change the emphasis of particular findings.
