PREFACE

It is our great pleasure to welcome you to 2017 International Conference on Nanomaterials and Biomaterials (ICNB 2017) which is held in Amsterdam, Netherlands during December 11-13, 2017. ICNB 2017 is dedicated to issues related to nanomaterials and biomaterials.

The major goal and feature of the conference is to bring academic scientists, engineers, industry researchers together to exchange and share their experiences and research results, and discuss the practical challenges encountered and the solutions adopted. Distinguished professors are invited to deliver keynote speeches regarding latest information in their respective expertise areas. It will be a golden opportunity for the students, researchers and engineers to interact with the experts and specialists to get their advice or consultation on technical matters, sales and marketing strategies.

This proceeding presents a selection from papers submitted to the conference from universities, research institutes and industries. All of the papers were subjected to peer-review by conference committee members and international reviewers. The papers selected depended on their quality and their relevancy to the conference. The volume tends to present to the readers the recent advances in the field of Nanomaterials, Biomaterials, Material Chemistry, Materials Processing Engineering and Electronic Materials etc.

We would like to thank all the authors who have contributed to this volume and also to the organizing committee, reviewers, speakers, chairpersons, sponsors and all the conference participants for their support to ICNB 2017.

Prof. Kwang Leong Choy
University College London, UK
December 12, 2017
