Figure 2: Cost effectiveness acceptability curve for TB testing strategies

- None
- BA TST
- BA TST&CXR
- BA IGRA&CXR
- BA MI TST&CXR
- BA MI IGRA&CXR
- BA MI IGRA&CXR&IS
- All IGRA&CXR&IS

Threshold (cost/QALY gained) £

- TST in Black Africans
- IGRA and CXR in BA/MI
- TST and CXR in BA/MI
- IGRA and CXR in black Africans
- TST and CXR in BA

Sensitivity analysis for diagnostic performances

- TST in Black Africans
- IGRA and CXR in BA/MI
- TST and CXR in BA/MI
- IGRA and CXR in black Africans
- TST and CXR in BA

Note: The figure illustrates the cost-effectiveness acceptability curve for various TB testing strategies, showing the probability of a strategy being cost-effective at different thresholds.
