Figure 1. Age-standardised annual incidence of (a) all-cause pneumonia, (b) pneumococcal pneumonia and (c) limb fracture.

Grey areas: transition period of PCV implementation.
Figure 2. Estimated monthly incidence of (a) all-cause pneumonia and limb fracture and (b) pneumococcal pneumonia.

Grey areas: transition period of PCV implementation.
Figure 3. Estimated age-stratified monthly incidence of (a) all-cause pneumonia and (b) pneumococcal pneumonia.

Grey areas: transition period of PCV implementation.
