In the version of this article initially published, there were labeling errors in Figs. 2 and 3. In Fig. 2c, the labels “10 h” and “24 h” were omitted from atop the left and right-hand lanes of the heatmap, respectively. In Fig. 3i, the y-axis label, now reading “Alpha sgRNA reads”, initially appeared as “Alpha RNA reads”. The errors have been corrected in the HTML and PDF versions of the article.
