The Department of Basic Education, Directorate: Rural Education, South Africa.
London South Bank University, United Kingdom.
The Economic & Social Research Council (ESRC) (ES/T005149/1), United Kingdom (funder).
My name is Amanda. I am the only girl at home. I stay with my parents in a village called Matlhonyane.
I have a special dream, seeing myself as a doctor. That is very special to me.
However, I have one problem. I stay far away from school. I always arrive late at school, and that makes me sad.
The villagers always looked at the children when going to school. They saw how they were suffering. They planned to find transport that worked for the children to get them to school.
Amanda was very happy because she started to arrive at school on time. She was no longer behind with her schoolwork.
She saw that her dream would come true, and she would be able to help the people of the community one day.
What I want to be when I grow up
