Dad is going to town and has asked me to go with him.
When we arrived in town, dad bought me delicious food.
I was so happy to see different shops.
As time passed, I was not feeling well and became dizzy.
Dad told me that I should know that, after eating food with sugar, I am not supposed to jump around.
We saw that my sickness was getting worse. Dad took me to the doctor.
The doctor checked me and noticed that my dad was telling the truth. He gave me medicine. He told me I must take care of myself because my health was important.
I have learned that we must take care of our bodies all the time and make time to see the doctor.
