London South Bank University, United Kingdom.
The Economic & Social Research Council (ESRC) (ES/T005149/1), United Kingdom (funder).
In the village of Matile, there was a family of three, Mr Masibi, Mrs Masibi and Rorisang.
They were a family that always lived happily. They regularly exercised together as a family.
Mr Masibi took care of his family. He had a fruit and vegetable garden in the backyard to ensure that his family ate healthy food. Mr Masibi’s garden produced very rich fruit and vegetables.
The rain stopped falling for a while in Matile village. This caused Mr Masibi’s garden to dry up. Mr Masibi was deeply hurt to see his garden dying.
Mr Masibi started digging a well in the backyard. He dug and dug.
After a long time, Mr Masibi reached the water. He then ran to fetch buckets and poured water in them. Thereafter, he watered his garden.
The garden was once again bright and full of beautiful, fertile crops. Mr Masibi’s family lived happily and healthy at all times.
A happy family
