Keeping ourselves clean
Mr Zilia’s family’s yard is dirty. The house is dirty, and it doesn’t smell nice.
Mr Zilia’s family is sick. They are in the hospital.
The nurse is checking one of Mr Zilia’s family members.
The nurse gave Mr Zilia’s family medication to keep their immune system strong and healthy at all times.
Mr Zilia’s family thought they should always have a dustbin to put their rubbish in.
They bought a dustbin and put it next to their house.
They started to wash their hands regularly before touching food and after leaving the bathroom.
They even started washing fruits and vegetables before eating them.
Mr Zilia’s family keep themselves clean at all times.
Mr Zilia’s family is always happy. Their house is clean and so is the yard.
Keeping ourselves clean
